2. **Application #FLA-16-03:** Spalding County Board of Commissioners request a future land use map change from Village Node to Low Density Residential for the following: 2010 Jackson Road (16.88 acres), 1795 North McDonough Road (9.12 acres), 3335 Jackson Road (1.79 acres), Jackson Road (9.63 acres), Jackson Road (2.24 acres), Jackson Road (16.13 acres), Jackson Road (lake - 0.15 acre) located in Land Lot(s) 79, 80, 81 & 82 of the 2nd Land District.

Chad Jacobs, Community Development Director, advised that these changes had been discussed during the Board of Commissioners Work Session on September 19, 2016. Due to the Dollar General rezoning and land use map amendment that the remaining land use for that intersection needed to be reconsidered and possibly removed from the Village Node designation in its entirety.

Mr. Jacobs then stated, assuming this is approved, we will be looking at some other intersections that would be more conducive to the Village Note designation. He advised that this would be a continuing discussion as the County progresses through the Comprehensive Plan update over the next twelve months.

Mr. Jacobs stated that the way the current Village Node will be broken down is the tracts designated in Application #FLA-16-02 will go from Village Node to Crossroad Commercial on the future land use map. The remaining parcels as identified in Application #FLA-16-03 will change from Village Node to Low Density Residential to match the designation surrounding the Village Node on the current future land use map.

Mr. Jacobs added that staff recommends approval of both applications in an effort to be proactive instead of addressing the issue one application at a time. He also stated that at their regularly scheduled meeting at the end of August, the Planning Commission recommend approval with a vote of 4-0.
