SPALDING COUNTY BOARD OF COMMISSIONERS MEETINGS CAN NOW BE VIEWED LIVE

The Spalding County Board of Commissioners are proud to offer live streaming of their Commission meetings beginning Monday, June 4, 2018 at 6:00 p.m. The Board of Commissioners began videotaping the meetings in September of 2017 and will now live stream their meetings to the Spalding County website.

William Wilson, Spalding County, County Manager stated “We are proud and excited to offer this service to the Citizens of Spalding County. We have a number of people who are unable to attend the meetings express their desire to have the meetings live streamed to the public. Video of the meetings has been available to the public for a while, but now our citizens will be able to watch the meetings live.”

To access the live stream:

- Go to www.spaldingcounty.com
- Hover over “Government Tab” at the top of the page
- Hover over “Commission Meetings and FAQ’s” and you will see a drop down menu to the side of this tab
- Click on the “Agendas” tab
- Locate the date under the “Meeting Date” on the page and once the meeting starts you will see a camera icon to the left hand side of the Meeting Date.
- Click on the camera icon and the meeting will live stream to your device.

If you access the page prior to the meeting and the camera doesn’t appear on the page after the start of the meeting, you may have to refresh your page.
