Are you ready for a new, creative experience? Join Heather McLaurin for a fun 3-hour Palette Knife Painting class; students will learn how to use a palette knife to create the image of a peaceful hummingbird.

Canvases will have a very rough image penciled on them, and with basic instructions, students will learn how to create depth and beauty with only a knife on canvas.

Discover your inner artist. Bring your favorite snacks and non-alcoholic beverages to paint along with our artist to create your own work of art that you will take home at the end of the evening.

Adults of all skill levels are welcome.
