Spalding County Announces Upcoming Maintenance and Repairs at Airport Road Park

GRIFFIN, Ga. (July 30, 2024) – The Spalding County Parks and Leisure Services Department is pleased to unveil plans for enhancing Airport Road Park. Thanks to funding from Impact Fees, significant improvements are on the horizon.

Please note that the park and or portions of the park may be closed because of EXTENSIVE remodeling.

Trail Resurfacing and Playground Replacement: Scheduled upgrades include resurfacing of trails and the installation of new playground equipment. The work will involve replacing the park's trails with new rubber surfacing and replacing the existing playground equipment with new, state-of-the-art structures designed for enhanced safety and fun. These enhancements aim to elevate safety standards and enrich the recreational experience for our community. We look forward to the positive impact the improvements will bring to Airport Road Park.

Closure Notice: Please be advised that Airport Road Park may undergo temporary closures for remodeling beginning from the second week of August through September. Closures may include the entire park or just portions of the park to include playgrounds, parking, walking trail, and restrooms. Areas may be closed without notice due to construction schedules. We apologize for any inconvenience this may cause and appreciate your understanding as we work to improve the park for the community's benefit.

Alternative Park Options: During the CLOSURE and MAINTENANCE period, we encourage park-goers to utilize the trails and facilities available at Wyomia Tyus Olympic Park, Sunny Side Park, and Orchard Hill Park. These parks offer excellent amenities and beautiful trails for your recreational needs.
